COVID 19 Autumn Booster 2025 Campaign

We are pleased to confirm that we are now offering patients appointments to have their COVID-19 Autumn Booster vaccinations

The following clinic dates are being provided:

- Saturday 4 October
- Saturday 11 October

We will also be running mid week afternoon clinics

16.20.21.22.24.27.28 October

5.6.12.13.19.20.26.27 November

Text invites will be sent to all eligible patients, and will contain a link allowing you to book. Any eligible patients that we cannot text will receive a call or a letter.

If possible, please wait for us to contact you. We are aware that there are long waits to speak to a receptionist, and by waiting for us to contact you, you are helping to keep the wait times down as much as possible.

The following people are eligible for a Autumn COVID-19 booster:

- Residents in care homes for older adults
- All adults aged 75 years and over or 75 years before 31 January 2026
- People aged 18 or over and have a weakened immune system.

This is because the risk of severe COVID-19 continues to be strongly associated with increasing age and underlying health conditions.
